PLATINUM SECURITY EXHIBITION 2019: TWO WEEKS LEFT TILL THE EXHIBITION

Placed under The High Patronage of H.S.H. Prince Albert II of Monaco, the first edition of the Platinum Security Exhibition, the international exhibition of security for the private sector, will open its doors from 10 to 12 April 2019 in Monaco. Save the date and come in two weeks to find solutions adapted to your security needs.

Many goods or properties are today the targets of greed and malice. Security of hotels, restaurants, luxury shops, concert halls, sporting events, art works, professional and leisure activities, residences... can't be permanently assured by States that are already in charge of public security.

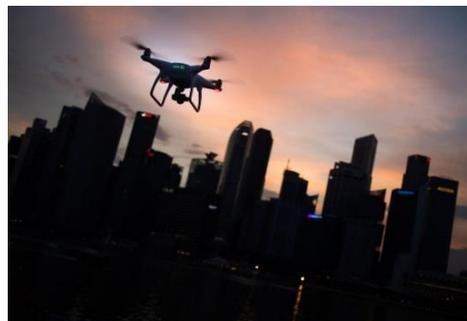

Owners and security managers now have to take responsibility for the protection of people - their staff or customers - properties and goods. They call on qualified personnel using high-performance technologies.

The Principality of Monaco and the surrounding area concentrates many goods and properties that can attract greed and malevolence. It is, however, a particularly safe place that implements efficient security processes and technologies, with respect for human rights. It's a model to follow.

That's why organiser of Platinum Security Exhibition chose the Grimaldi Forum of Monaco to hold its first edition. The Principality granted him his confidence by placing it under the High Patronage of S.A.S Prince Albert II of Monaco.

Platinum Security Exhibition is a show where exhibitors present solutions for all those who seek the means of security. In addition, conferences given by specialists inform security stakeholders on the trends in the field and showcase security actions adapted to particular sectors.

Finally, business meetings organised by a recognised provider allow participants to network and to make partnerships.
